

Lego Group Volunteer Role Description

Did you love Lego as a child?

At Suffolk Libraries volunteers are engaged in a range of activities and support and enhance what we are able to offer. We want to develop an experience which expands our traditional audience, but which also engages new audiences.

We are looking to inspire our younger generation through play. Children love to have fun and be creative and we are looking to make that happen at their local library. We are looking to run a Lego club for children aged 6 to 12 and looking for an enthusiastic person to organise and run Lego sessions.

Expectations of the role:

- To engage with parents and children to provide a lively interactive play experience
- To work with the library staff to plan monthly, themed Lego sessions
- A commitment of 2 hours per month.

Through the above activities, the Lego Support Volunteer will:

- Encourage creativity through play
- Facilitate the sharing of ideas
- Plan weekly themes
- Display children's work.

We are looking for someone who:

- Is enthusiastic about helping children learn through play
- Friendly, positive and a good team player who is able to work with library staff and other volunteers
- Has good communication skills
- Creative
- Is looking to gain experience working with children and young families
- Is reliable.

If you are interested, please contact your local library manager for further details or complete the online application form [on our website](#).
